**EZ-TILT™
WORKTABLE**

EZ-TILT™ STONE PROCESSING TABLE

One Man Tilt Operation for Even the Largest Slabs

For the stone craftsman who cares about safety, speed and efficiency! Keep your overhead low and your work quality high for an unbeatable return on your investment.

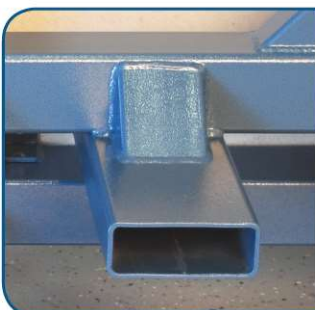

"The AccuGlide Saw and EZ-TILT™ Table have given me a real competitive edge in this market. One guy is able to lay a 3 cm slab down by himself and we're not worried about someone getting hurt."

T.H., CA

Get Ready to Cut Two Kitchens a Day!

With the EZ-TILT™ Table on your side you will load, tilt and begin cutting in just minutes! No other stone processing table incorporates safety, efficiency, low maintenance, and industrial grade construction like the EZ-TILT™ Table.

SAFE

- Save your back and stop worrying about breaking slabs
- Securely locks in vertical position for safe loading and unloading
- Safety straps lock slab in place for safe tilting
- Safely secured in the horizontal position during cutting

EFFICIENT

- One man tilt operation - free up labor for other tasks
- Load a slab, tilt, and get ready to cut in less than a minute
- Full size table top for processing large slabs
- Cut 4-7 slabs a day - *efficiency at its finest*

INDUSTRIAL GRADE

- Unparalleled quality construction for long term use
- Triple layered CBU cutting top
- Heavy duty greased bearings for long life
- Heavy gauge welded steel frame - primed and powder coated finish

LOW MAINTENANCE

- No down time - your EZ-TILT™ will always work
- Engineered without high-maintenance hydraulic and electric components
- Powered by low maintenance counter-tensioners
- Low cost replaceable parts for a savings of 80-100%
- Re-surfaceable CBU top
